Dear Nikki

Thank you so much for the recent donation towards the life-saving service provided by Scotland's Charity Air Ambulance (SCAA). Your support helps us continue our mission to deliver more care, more quickly to more people across Scotland.

On behalf of the whole team at SCAA, I would like to thank you for all the hard work involved in organising the sale of rainbow coloured t-shirts in May. We are so grateful to you all at Community of Arran Seabed Trust (COAST) for choosing to support SCAA. The **£153.00** that was raised from the sale of the t-shirts is very much appreciated by us all.

As the country's only charity-funded air ambulance, SCAA relies entirely on public donations to deliver expert paramedic care to the scene of time-critical emergencies, in every corner of Scotland, 365 days a year. We simply could not continue our life-saving service without the generosity of valued supporters like yourselves, and every donation makes a difference.

As a valued supporter of SCAA, we would also like to keep you updated with our latest news, including fundraising opportunities and project updates. If you would prefer not to receive these by post, or would prefer to receive the information by email, please contact the SCAA office using any of the details below.

Many thanks once again for your generous support from the Paramedics, Pilots and all of us in the Charity Team here at SCAA, and please pass on our appreciation to your members.

Yours sincerely,

[redacted]

Nick Harvey
Director – Fundraising and Communications
